

Are you having a hard time with your breathing when you speak or sing?

The VOICE LAB @ University of Delaware is looking for people for a study on speech breathing.

The study involves 3 individual sessions and 6 group sessions
—all conducted remotely from the comfort of your home!

To be eligible you must:

- Be over 50 years old
- Feel respiratory discomfort during speech
- Have access to a computer and internet
- Not be a current smoker
- Not have professional vocal training (amateur singers are welcome!)

If interested, please contact Dr. Maude Desjardins at maude@udel.edu or register at https://redcap.link/breathing_study
